

# ABDULLAH IMTIAZ

## About Me

An electronics engineer with a good experience and a huge interest in teaching. My exceptional teaching qualities and leadership attitude are the key attributes that make me stand out. I am interested to teach Physics and mathematics in an institute where I can utilize my teaching skills while enriching students with the knowledge of a subject and the life.

## Experience

Oct 2018 -  
July 2021

### Home And Online Tutions | Private Home/Online Tutor

I have served in multiple institutes as a home tutor during these years and my students have been awarded with remarkable achievements.

June 2018 -  
present

### Madrasah | Quran Tutor

I have taught multiple age groups of students in this tenure and have made them capable to read and understand the Quran and Islamic knowledge all by themselves.

## Education

Oct - 2018 -  
Oct - 2022

### NED University Of Engineering And Technology | BE Electronics

Graduated with 3.14 CGPA

Aug 2016 -  
May 2018

### S.M. Govt. Science College | Fsc : Pre Engineering

Completed FSC with 78% and A grade
